Effective Business Continuity Planning

SYMITARWEBINARS

IN CASE WE MISSED YOU ...

At the recent "**An Executive's Guide to Business Continuity Planning**" webinar, held **Tuesday, April 4, 2006**, we invite you to view the recorded session of this informative webinar.

The decision to develop an effective Business Continuity Plan (BCP) / Disaster Recovery Plan (DRP) is one of the key decisions facing credit union executives today. Centurion has worked with many senior teams to help them understand the steps associated with making this critical decision.

Featured panelist for the meeting was Tom Williams- Business Recovery Consulting Manager, Jack Henry & Associates.

During this hour session, Tom discussed the steps that many credit unions have successfully followed in developing their BCP which are:

- **Executive's Road Map to BCP**
- **Examiners requirements**
- **Key decision points**
- **Value proposition and ROI**

This Webinar was designed for those executives that have the responsibility of ensuring that the credit union's BCP complies with NCUA guidelines. Or more importantly, realize the value of having a plan in place to protect its members

You may view the recorded session of the Webinar by selecting [here](#). The password is **SYMCP06-003**. Password is case sensitive.
